PROFESSIONAL SUMMARY

WordPress Developer with 4+ years of experience building custom websites from Figma/Photoshop designs, specializing in hand-coded WordPress themes without page builders. Skilled in HTML, CSS/Sass, JavaScript/jQuery, PHP, and front-end performance optimization. Experienced in WooCommerce customization, payment gateway integration, and developing small custom plugins for project-specific features. Focused on clean, maintainable code and consistent on-time delivery, with a responsible and organized working style.

CAREER OBJECTIVE

Seeking to deepen expertise in WordPress development, especially in custom themes, plugins, and front-end optimization. Looking for a structured working environment with high technical standards and opportunities to take on new projects from the ground up. Open to positions offering compensation aligned with skills, responsibilities, and work performance.

WORK EXPERIENCE

WordPress Developer - Twinger

May 2022 - Present

- Converted Figma designs to fully responsive WordPress themes without page builders.
- Built responsive layouts using HTML5, CSS3 (Sass/SCSS), and jQuery.
